Reg. No. 19901

**PETITION AND REQUEST FOR ENTRY OF MISSING DRAWING SHEET**

**WITHOUT OF LOSS OF FILING DATE**

In response to the Notice, dated July 15, 2004, enclosed herewith is the sheet of drawings containing missing FIGS. 15 and 16. Apparently when the undersigned prepared the application in form for electronic filing, he failed to notice that he added the sheet containing FIG. 17 twice instead of the enclosed. It is believed that the added figures do not constitute new matter as the content thereof is clearly and completely described in the specification and the remaining figures of this embodiment and the granting of the filing date of the original transmission is solicited.

Also enclosed is a credit card authorization for the petition fee and a copy of the notice.

On the other hand, if the Office feels that the added sheet does contain new matter, the specification will be amended to delete reference to these figures as it is believed that the construction shown therein is clearly described and evident from the remaining, originally filed papers.

Respectfully submitted:
